Subject: Field of Dreams - SYA Application SE 99-Y-016

Dear Elaine,

The Occoquan Watershed Coalition has spent a considerable amount of time reviewing the proposed Field of Dreams project and we conclude that it is an excellent idea but located in the wrong place.

The OWC concurs with and endorses the Resolution of the Fairfax County Federation of Citizens Association in which the Federation commended the SYA for its desire to meet the recreational needs of Sully District youth but recommended to deny the SYA application. A copy of the Federation Resolution is attached.

Sincerely,

William W. Cole
President
